

Lobbying "Do's" and "Don'ts"

DO

- Do learn Members' committee assignments and where their specialties lie.
- Do present the need for what you're asking the Member of the Arkansas Legislature to do. Use data or cases you know.
- 3. Do relate situations in his/her district.
- 4. Do ask the Representative's or Senator's position and why.
- 5. Do—in case of voting records—ask why he/she voted a particular way.
- 6. Do show openness to the knowledge of counterarguments and respond to them.
- 7. Do admit you don't know. Offer to try to find out the answer and send information back to the office.
- 8. Do spend time with Members whose position is against yours. You can lessen the intensity of the opposition and perhaps change it.
- 9. Do spend time in developing relationships with Legislative staff.
- 10. Do thank them for stands the Member has taken which you support.

DON'T

- 1. Don't overload a Legislative visit with too many issues.
- 2. Don't confront, threaten, pressure or beg.
- 3. Don't be argumentative. Speak with calmness and commitment so as not to put him/her on the defensive.
- 4. Don't overstate the case. Members are very busy and you're apt to lose their attention if you are too wordy.
- 5. Don't expect Members of the Legislature to be specialists. Their schedules and workloads tend to make them generalists.
- 6. Don't be put off by smokescreens or long-winded answers. Bring the Members back to the point. Maintain control of the meetings.
- 7. Don't make promises you can't deliver.
- 8. Don't be afraid to take a stand on the issues.
- 9. Don't shy away from meetings with legislators with known views opposite your own.
- 10. Don't be offended if a legislator is unable to meet and requests that you meet with his/her staff.
